

# Birdsall Services Group Cancels Annual League Party and Donates Party Costs to Hurricane Sandy Relief

(EATONTOWN, NJ) – Birdsall Service Group today announced that it would be cancelling its annual hospitality party at the Revel Resort in Atlantic City during the upcoming League of Municipalities Convention and donating the \$35,000 event costs to hurricane relief efforts in the area.

“To stand in the shadow of devastation and celebrate hardly seems appropriate,” said Scott MacFadden, Chief Administrative Officer of Birdsall Services Group. “Our company extends our deepest sympathy to those affected by Hurricane Sandy and we hope that our actions will be followed by others planning events during the convention. These funds are better spent helping the community rather than entertaining.”

MacFadden added that the company will maintain a reduced presence at the League of Municipalities conference while key employees work throughout the region on emergency assessment projects.
